USDA RURAL DEVELOPMENT ANNOUNCES FUNDING FOR HAINESVILLE VOLUNTEER FIRE DEPARTMENT

Henderson, Texas, July 24, 2003 -- Bryan Daniel, Texas State Director, USDA Rural Development announced that Hainesville Volunteer Fire Department (VFD) has received a \$80,500 loan and a \$25,000 grant through the agency's Community Facilities loan and grant program. The effort is part of USDA Rural Development's national program to help rural areas build and enhance essential community facilities.

"USDA Rural Development's Community Facilities program helps rural communities keep pace with the needs of their rising populations," said Daniel. "Rural residents can utilize our programs to help provide essential public services that will enhance the quality of life for all rural residents."

The funds will be used for improvements to the existing fire station, construction of a 30' x 60' four bay truck building, construction of a helicopter landing pad, and installation of a new radio system.

In Fiscal Year 2002, a total of \$12 million in direct and guaranteed loans were obligated. Community Facilities loan funds may be used to construct, enlarge, or improve community facilities for health care, public safety, and public services. These loans and grants are made to public entities and non-profit organizations. Examples of eligible projects include rural healthcare clinics, town halls, fire trucks, county safety equipment, jaws of life, early warning systems, community centers, libraries, day care centers, and schools.

For more information regarding USDA Rural Development programs, contact the Henderson Local Service Center at (903) 657-8221, Ext. 4.
